

Arizona Department of Housing (ADOH) 2014 Aging 2020 Update By Goal

Goal 1: Make it easier for older Arizonans to access an integrated array of state and aging services.

For older Arizonans to fully participate in all aspects of community living, they and their families need access to information, resources, and services through a variety of venues. To this end, public and private organizations can play a leadership role in making it easier for older Arizonans to find and use the services and resources they need, no matter where in Arizona they may live.

Objective 1.1: Provide information and promote understanding of options, benefits, and available services through a range of multi-media formats.

f. Use the Arizona Department of Housing ("ADOH") web site to provide information on ADOH and other service issues of interest to senior citizens.	ADOH	All agency 2020 Team	Ongoing	ADOH website is updated on a regular basis in order to provide information on current affordable housing development and programs. Socialserve.com is under contract to work on expanded database for affordable housing in Arizona which does enable those seeking affordable housing to better know what is available. This does include housing developed especially for seniors.

Goal 5: Strengthen Arizona's economy by capitalizing on an integrated and well-trained informal, paraprofessional, and professional workforce.

With the first wave of Boomers attaining retirement age in 2006, both public and private sectors need to develop work environments and coordinate opportunities that maintain a strong, diverse paraprofessional and professional workforce with strategies that include support for workers and their family members with caregiving obligations.

Objective 5.4: Implement human resource policies that balance the needs of state employers with the changing needs of an aging workforce.

d. Collaborate with Department of Administration to provide information about retirement, benefits, and post-retirement opportunities to employees at or near retirement age.	ADOH	ADOA	Ongoing	One employee has retired from ADOH in 2014 with knowledge of retirement benefits and post retirement opportunities.
e. Prepare a plan for key employee succession and skill retention in the future.	ADOH		Ongoing	The Arizona Department of Housing, through its operations and personnel guidelines, will maintain succession and skill retention plans. The department also has a plan that establishes a path for career planning, growth and development through mentoring.

Goal 6: Enhance the State's capacity to develop and maintain the necessary infrastructure to deliver services in a culturally appropriate, timely and cost effective manner.

Every aspect of living in Arizona may be affected by the future changes in our increasing and changing population. Housing, transportation, health care, education and other state-supported services will take shape based on the needs of our diverse population. The ability of the State to adapt to change, incorporate the use of new technology, form public-private partnerships to create and expand services to reach all corners of the state will be some of the challenges and opportunities that face Arizona as we grow.

Objective 6.2: Develop programs and approaches to close the gaps in the state's current aging services infrastructure and delivery system.

k. Create/support programs for new construction of senior complexes, acquisition/rehabilitation of existing senior housing projects.	ADOH	AHCCCS, DES, Area Agencies on Aging (AAA)	Ongoing	There were no projects placed in service in 2014. However, 5 projects were awarded in 2014 that are or will serve seniors. Three of the projects (140 units in Mesa, Tempe and Tucson) are for those 55 years of age and older while one project, Highland Square in Cottonwood, consisting of 60 units will serve those 62+ and Westward Ho in Phoenix was awarded tax credits for rehab. That is 289 units for both Elderly and Disabled.
l. Expand home modification program for seniors throughout the state.	ADOH	AHCCCS, DES	Ongoing	Owner Occupied Housing Rehabilitation projects funded by both HOME Investment Partnerships Program and Community Development Block Grant (CDBG) were completed throughout the year. CDBG funding for owner occupied housing rehab assisted 98 elderly households and HOME funding for owner occupied housing rehab assisted 54 elderly households for a total of 152 elderly households. Rehab Assistance to elderly households comprised 62% of the total housing rehab assistance. Housing Rehabilitation activities included use of green technologies and energy efficiencies whenever possible.
n. Research potentials for the creation of manufactured ADOH developments for both rental and homeownership projects.	ADOH		On Hold	There isn't the funding nor is it feasible to pursue manufactured developments at this time.

	o. Investigate the application of universal design principles to all new multifamily ADOH projects funded by ADOH.	ADOH		Ongoing	Arizona Department of Housing defines design guidelines in its Low Income Housing Tax Credit Qualified Allocation Plan (QAP), Multifamily Design Guidelines and its State Housing Fund Program Summary and Application Guide. These documents are updated annually in response to market and community needs provided through focus groups, public hearings, and written comments. A specific goal is to minimize monthly operating costs for tenants. Construction features must conform to goals of efficiency and long term durability. Design principles and specific design needs often must be supported by market needs and demand analysis.

	m. Establish a wide range of collaborative efforts within state government, with local governments, nonprofit and private ADOH and service providers to develop a coordinated senior ADOH program.	ADOH		Ongoing	Agencies providing services related to housing especially for special need populations, of which seniors are one portion, have permanent representation on the various planning bodies throughout the state. All are notified when there are public hearings, when there are housing meetings in their region and all are invited to participate. Arizona Department of Housing will continue to coordinate with these agencies throughout the coming year in order to maximize the effectiveness of the service delivery system, ascertain the emergence of new and ongoing needs, and provide support to address these needs.
	n. Collaborate with the Registrar of Contractors to investigate the potential for reduced contractor licensing requirements for minor home rehabilitation.	ADOH		Ongoing	Arizona Department of Housing program guidelines are informed through regular ADOH collaboration with Arizona Registrar of Contractors, including determination of applicable licensing classifications. We collaborate with ROC when reviewing Low Income Housing Tax Credit Projects eligibility for funding as well as any other projects submitted under a NOFA whether it be funded through HOME, Community Development Block Grant or Housing Trust Fund monies.

h.	Continuously assess resource allocation between urban and rural Arizona as demographic trends develop. Further, through citizen participation, the Affordable Housing Task Force, in collaboration with other agencies and service providers, the Arizona Department of Housing solicits information on housing and community needs. This is also discussed in Housing and Urban Development (HUD) Continuum of Care meetings held throughout the state. ADOH is part of the Sun Corridor Consortium that continually analyzes and plans for demographic trends. This work will continue and is part of assessing resources and needs between urban, rural and urban clusters.

ADOH		Ongoing	Projects are selected for State Special Projects funding through a competitive process in which applications are scored by a rating and ranking system that includes specific criteria to be reviewed including the extent to which the project provides a direct probable benefit to low income and special needs persons, including seniors.
q.	Provide gap financing to developers of affordable senior rental projects.	ADOH		Ongoing	Gap financing is provided based on many factors and may be provided to a senior rental project.
